The 1932 ROLLAMMO OF POWER

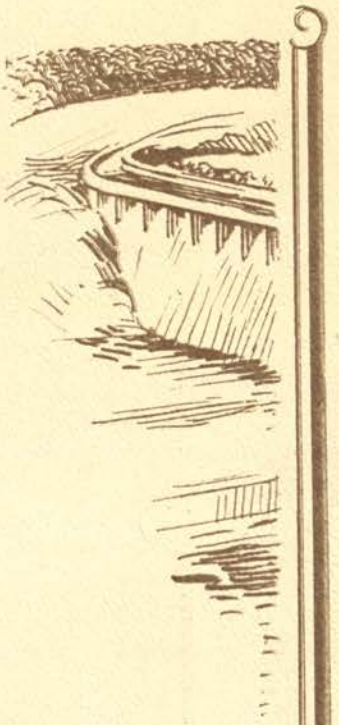

Published by the
**MISSOURI SCHOOL OF MINES
AND METALLURGY**
ROLLA - - MISSOURI

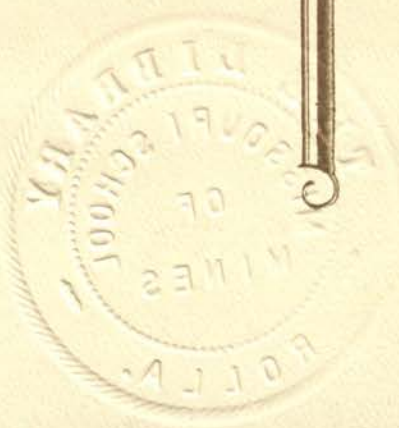

49760

INTRODUCTION

THE progress of the Mechanical world of today is measured by the supply of POWER available for use. The past year has seen the completion, in the state of Missouri, of an enormous power-supplying project, an undying monument to the engineers who conceived it.

In the following pages we have attempted to portray pictorially the tremendous significance of POWER, in honor of our Alma Mater, whose purpose it is to teach us the technique for creating and controlling this important factor in the life of man.

DEDICATION

*To the Unheralded
Engineer, symbolic of those
Pioneers of Progress who,
unacclaimed, often poorly
rewarded, in distant places,
and under difficult condi-
tions, strive for the advance-
ment of science and the
benefit of civilization, we,
the Rollamo Board of 1932,
dedicate this Book.*

# THE 1932 ROLLAM

ELMO GOLIGHTLY HARRIS, C. E.  
*Professor of Civil Engineering*

GEORGE REGINALD DEAN  
B. S., C. E.  
*Professor of Mathematics*

CARROL RALPH FORBES  
B. S., E. M.  
*Professor of Mining*

JOSEPH WAYNE BARLEY  
A. B., A. M., Ph. D.  
*Professor of English*

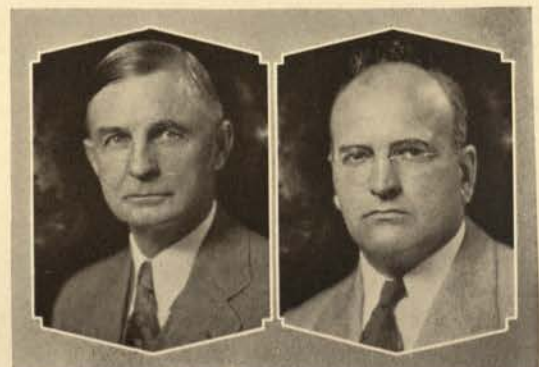

LEON ELMER WOODMAN  
A. B., A. M., Ph. D.  
*Professor of Physics*

CHARLES YANCEY CLAYTON  
B. S., Met. E.  
*Professor of Metallurgy and Ore Dressing*

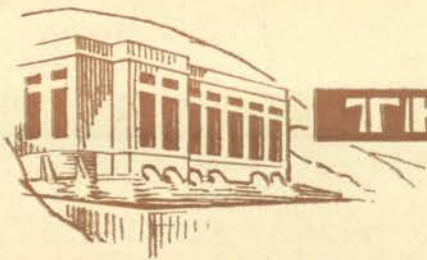

LEON ELLIS GARRETT, B. S.  
*Professor of Mechanics*

R. O. JACKSON  
B. S., M. E.  
*Professor of Mechanical Engineering*

# THE 1932 ROLLAM

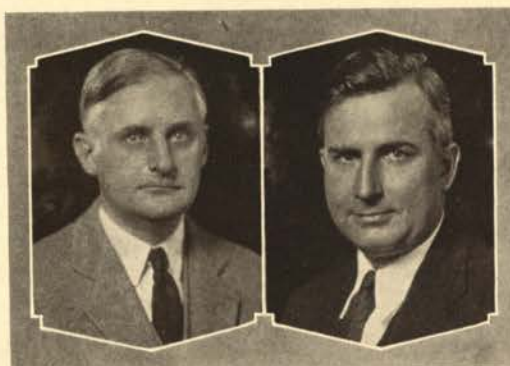

CLAIR VICTOR MANN  
B. S., C. E., Ph. D.  
*Professor of Drawing and  
Descriptive Geometry*

FLOYD HILL FRAME  
A. B., E. E.  
*Professor of Electrical Engineering*

MAJOR EDWARD HOLMES  
A. B., A. M., Ph. D.

WALTER THEODORE SCHRENK  
B. S., M. S., Ph. D  
*Professor of Chemistry*

HERBERT RUSSELL HANLEY  
B. S., Met. E.  
*Professor of Metallurgy*

KARL KENNETH KERSHNER  
B. S., M. S.  
*Professor of Chemistry*

GARRETT A. MULENBURG  
M. S., E. M., Ph. D.  
*Professor of Economic Geology*

JOHN RAY HARDIN  
B. S., First Lieutenant Corps of Engineers, U. S. A.  
*Professor of Military Science and Tactics.*

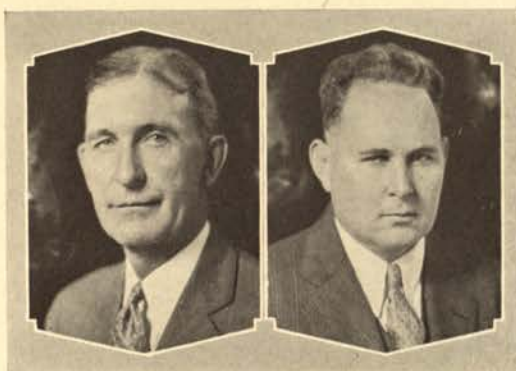

# THE 1932 ROLLAM

EUGENE A. STEPHENSON  
B. S., Ph. D.  
*Professor of Petroleum Production*

HOWARD LEROY DUNLAP  
B. S., A. M., Ph. D.  
*Associate Professor of Chemistry*

MARTIN HARMON THORNBERRY  
B. S., Met. E.  
*Associate Professor of Metallurgical Research*

JOE BEATY BUTLER  
B. S., C. E., M. S.  
*Professor of Civil Engineering*

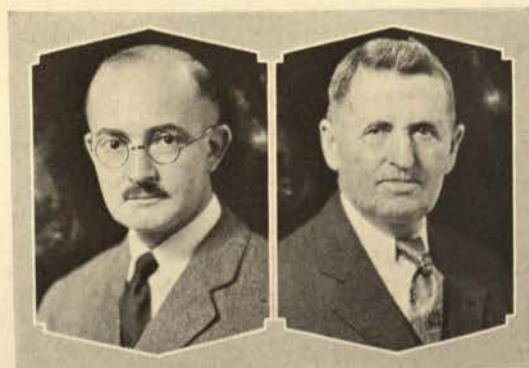

OSCAR ADAM HENNING  
A. B., A. M.  
*Associate Professor of Modern Languages*

VAN BUREN HINCH  
B. S., E. M.  
*Professor of Mathematics*

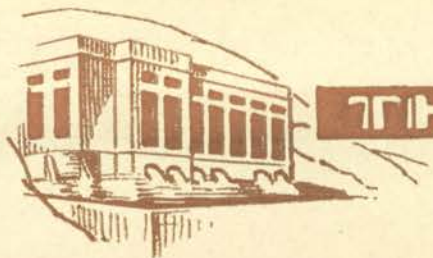

I. HERRICK LOVETT  
B. S., E. E., E. S. E.  
*Associate Professor of Electrical Engineering*

RYLAND FLETCHER RATLIFF  
A. B., A. M.  
*Associate Professor of Physics*

# THE 1932 ROLLAMID

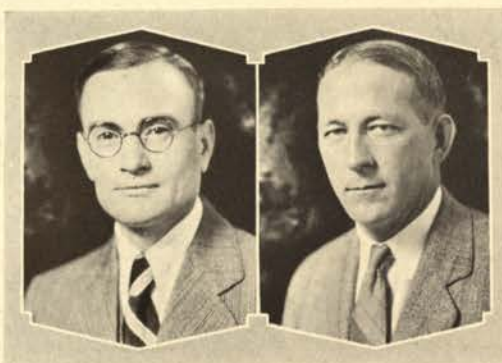

EUGENE LEE JOHNSON  
Ph. D., LL. B., A. M.  
*Associate Professor of English*

MAURICE D. ORTEN  
A. B., A. M.,

JOHN HERMAN DOUGHERTY, A.B.  
*Librarian and Associate Professor of Library Science*

CLARENCE EDWARD BARDSLEY  
B. S., C. E., M. S., Sc. D., M. A.  
*Associate Professor of Civil Engineering*

WILLIAM J. JENSEN  
A. B., A. M.,  
*Associate Professor of Physics*

ERNEST WILSON CARLTON  
B. S., M. S.  
*Associate Professor of Civil Engineering*

# THE 1932 ROLLAMOND

JAMES HENRY UNDERWOOD  
*Assistant Professor of Shop*

STERLING PRICE BRADLEY  
B. S.  
*Assistant Professor of English*

CLARENCE JOHN MONROE  
B. S., Ph. D.  
*Assistant Professor of Chemistry*

WALTER CHARLES ZEUCH  
B. S., C. E.  
*Assistant Professor of Engineering,  
Drawing and Descriptive Geometry*

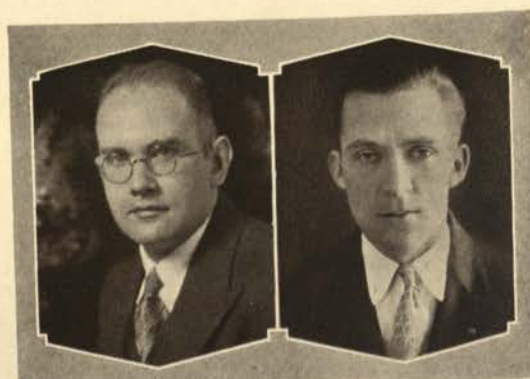

REGAN HARRIS YOUNG  
B. S.  
*Assistant Professor of Engineering,  
Drawing and Descriptive Geometry*

CHARLES MITCHENER DODD  
B. Cer. B.  
*Assistant Professor of Ceramic  
Engineering*

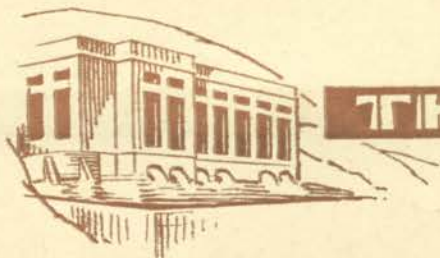

OLIVER RUDOLPH GRAWE  
Ph. D., A. B., M. S.  
*Assistant Professor of Mineralogy*

DAVID FRANCIS WALSH  
B. S., M. S.  
*Assistant Professor of Metallurgy*

# THE 1932 ROLLAMID

WILLIAM RANDOLPH WINSLOW, M. S.  
First Lieutenant Corps of Engineers, U. S. A.  
*Assistant Professor of Military Science and Tactics*

HAROLD GRANT, A. B.  
*Director of Athletics and Head Coach*

ELBRIDGE ALVAH GOODHUE  
A. B., B. S., M. S.  
*Instructor in Mathematics*

MILES HERBERT CAGG  
A. B., M. A.  
*Instructor in English*

JUNIOR BROWN, A. B.  
*Instructor in Physical Education  
and Football Coach*

RICHARD DWIGHT DUFF  
B. S., M. S.  
*Instructor in Chemistry*

NOEL HUBBARD  
*Assistant Registrar*

AARON JEFFERSON MILES  
B. S., M. S.  
*Instructor in Mathematics*

# THE 1932 ROLLAMID

JAMES SHELLEY CULLISON  
A. B., M. S.  
*Instructor in Geology*

WILLIAM B. BERTRAM

## Coaching Staff

HAROLD GRANT—*Head Coach and Director of Athletics*

JUNIOR BROWN—*Assistant Coach*

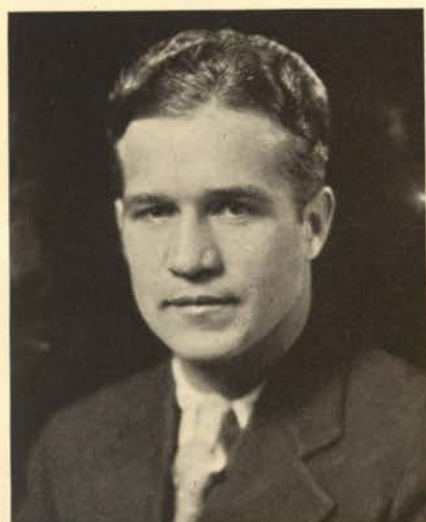

WILLIAM R. RAPP—*Assistant Coach*

It has now been four years since a trio of coaches came to us, unheralded and unknown, from Emporia, Kansas, to take charge of athletics at the Missouri School of Mines. Since the advent of these men athletics in the school have experienced a remarkable revival.

The three men all are able athletes themselves and have a thorough knowledge of their subject. They left good records behind them, and have made fine records for themselves since coming here. In the past four years the Miners have had teams that have been the envy of every school in the state, and we hope to see them developing the same fine teams for the Silver and Gold in the future.

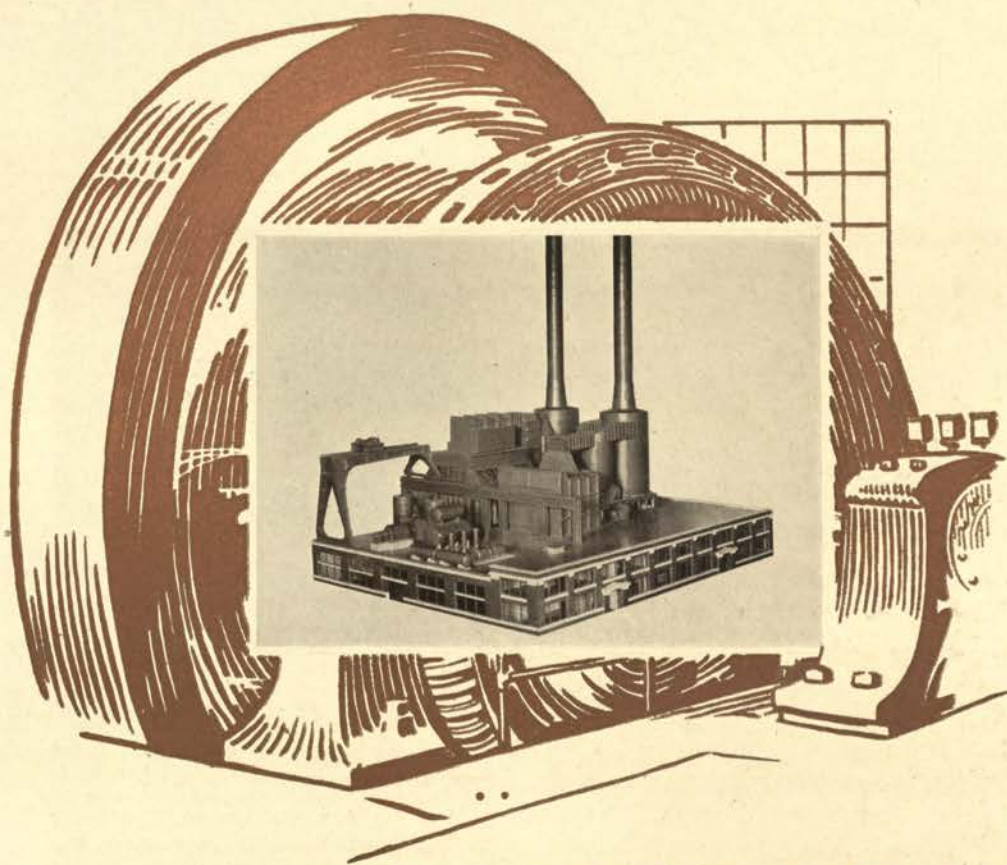

GRANT

BROWN

# FOOTBALL

## SQUAD

*Malik, Williams, Kirchoff, Hoffsess, Towse, B. Thornton, Plummer, Koch, Brown, Nichols, P. C. McDonald, Runder, Jim McDonald, E. Spotti, Cardosi, I. Spotti, Gibson, Coffman, Tomilson, Hassler, Andres, Gallagher, McCreight, Oswald, O'Malley, McCoy, Richmond, Liberty.*

MALIK  
STURM

MCDONALD  
KIRCHOFF

### MALIK (Captain), End

*"Butch" has played his last game for the Miners, ending four years of good, consistent football. Malik was rated as one of the best ends in the conference. Besides his playing, he was invaluable as a leader, and a cool, clear thinker.*

### MCDONALD (Captain-elect), Halfback

*Jimmy was outstanding in the backfield, and his broken field running and staunch defence won him a place on the first team of the conference All-Stars. He will make an able leader and will be the main cog in the Miner backfield next season.*

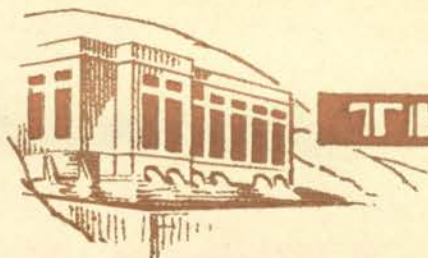

### STURM, Tackle

*Sturm played a fine game throughout the season, and his place will be hard to fill next year.*

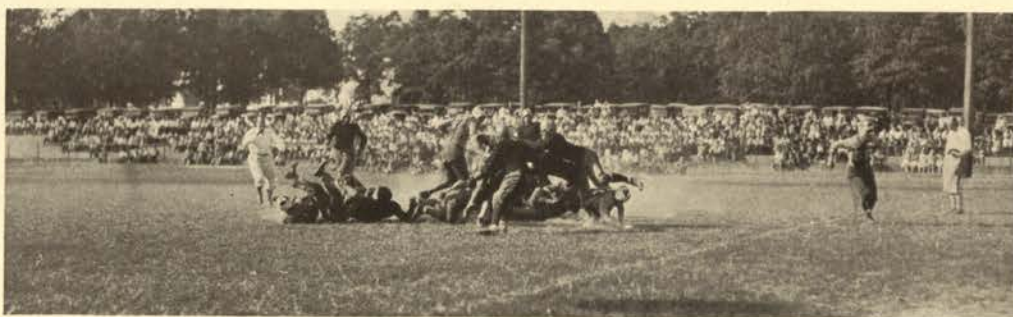

### KIRCHOFF, End and Halfback

*Kirchoff alternated between end and half and proved to be a fine player in both positions. He was rewarded for his efforts by a place on the conference All-Star eleven. Kirchoff has two more years to play for the Miners.*

# THE 1932 ROLLAMID

KIRCHOFF MAKING AN END RUN IN THE CENTRAL GAME

## THORNTON, Quarterback

*Dick completed his third season as field general for the Miners and proved to be the most consistent ground gainer on the squad. Thornton received a great honor when he was selected captain of the M. C. U. All-Star eleven.*

## RUNDER, Guard

*Ray was another guard who demonstrated his ability to play football against the best of them. He was a stone wall to opponents.*

## ANDRES, Guard

*Andres played his position well and was always there when needed. He received honorable mention on the All-Star for his work.*

## TOMILSON, Center

*Tommy was one of the best centers who ever lined up with the Miners, and it will take a good man to fill his place.*

THORNTON  
ANDRES

RUNDER  
TOMILSON

GIBSON

WILLIAMS

MC CREIGHT

TATALOVICH

**GIBSON, *Tackle.***

Gibson was the cog that made the Miner line click, and he played well in every game of the season, being everywhere on the field at once.

**WILLIAMS, *Quarterback.***

Art came back strong in his last year of playing for the Miners. He showed real judgment in his selection of plays.

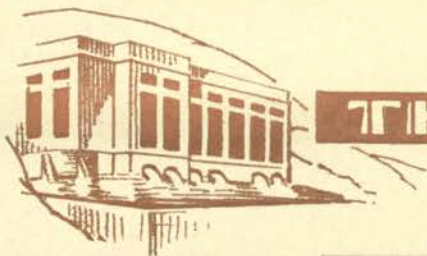

**MC CREIGHT, *End.***

Dick played a great game of football for the Miners, and showed that he had the fight that makes football men.

**TATALOVICH, *Fullback.***

"Tat" played his position in great style, and his long punts pulled the Miners out of many a bad hole. He will be lost to the squad for next year and his place will be hard to fill.

## THE 1932 ROLLAMID

### OSWALD, *Guard*.

Oswald was versatile enough to play either tackle or guard and he played both positions with great ability. He has two more seasons in which to help the Miners to victory.

### TOWSE, *Halfback*.

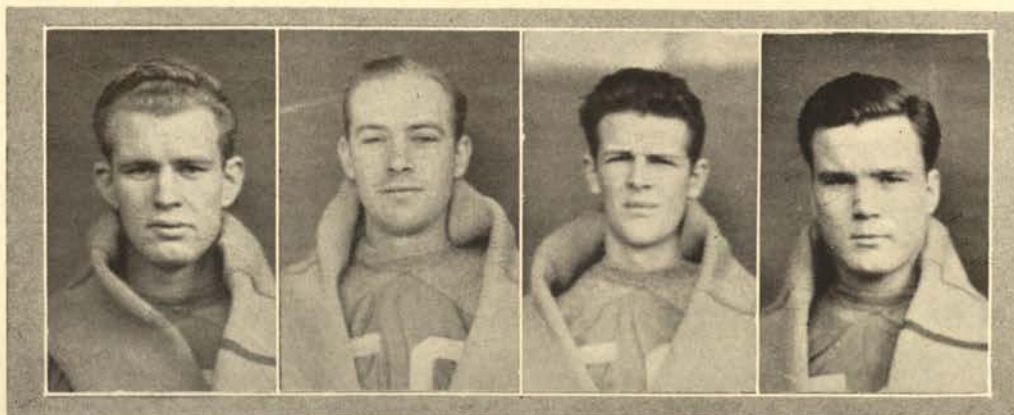

Roy accounted for quite a few gains during the season and when switched to quarter he called signals with a cool head. His passing was accurate and a menace to opponents. He has two more years to play.

### MCDONALD, *Center*.

McDonald has worked hard for two years, and he played a great game as center. He also has two more years to play and great things are expected of him.

### HASSLER, *Tackle*.

Hassler came to us with a great high-school reputation and lived up to it in his first year of college football. He received honorable mention on the All-star team.

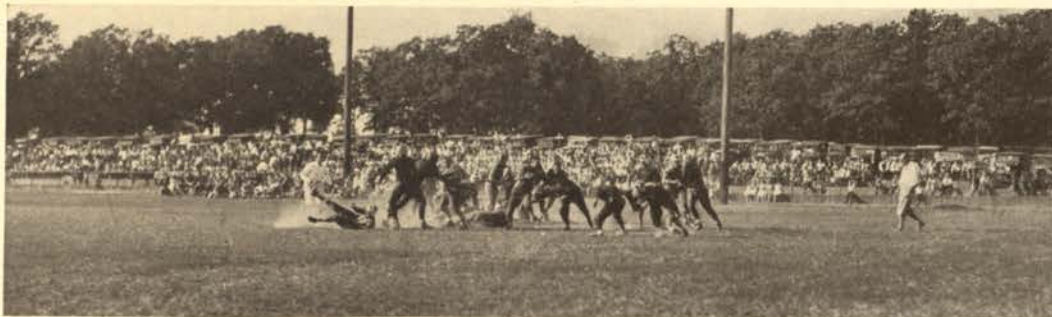

OSWALD

TOWSE

MCDONALD

HASSLER

**HARDAWAY, *Guard.***

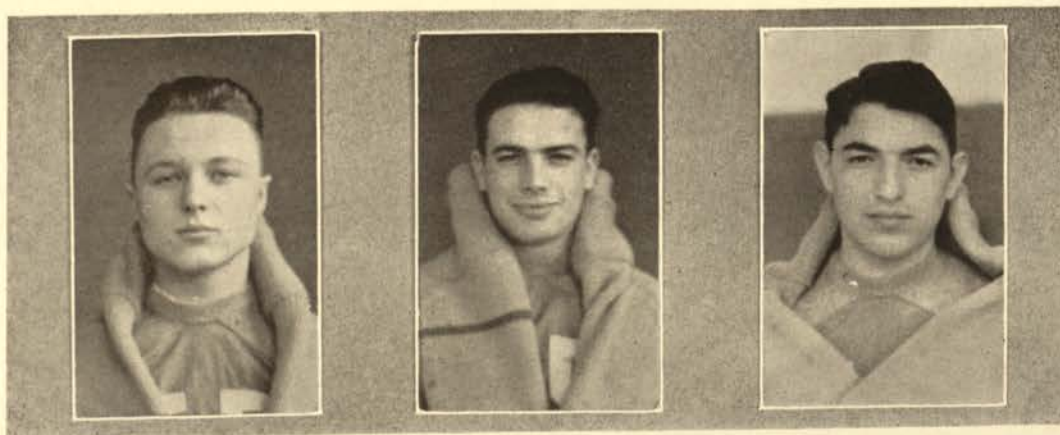

Another freshman who played fine football in his first year. He presented a strong defense, and shows great promise for next year.

**PLUMMER, *Fullback.***

Another first-year man who was of great assistance as a relief man at fullback. Plummer has three more years to play.

**SPOTTI, *Center.***

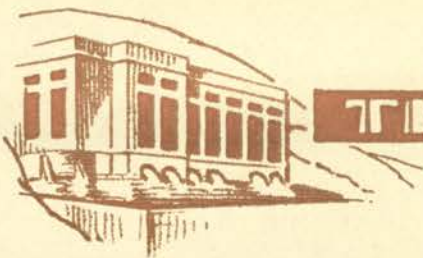

Spotti, in his first year with the Miners, won honorable mention on the All-star team, and played center like a veteran. He should develop into a great mainstay of the line during the next three seasons of play.

HARDAWAY

PLUMMER

SPOTTI

## THE 1932 ROLLAMID

### THORNTON, *Halfback.*

Bruce had a hard job cut out for him in attempting to play as well as his brother, but he showed that he was a real football player and ball carrier.

### O'MALLEY, *Guard.*

O'Malley is another freshman who came to the front and won his letter the first year. He is a fine guard, and should make the Miners an invaluable player.

### COFFMAN, *End.*

Coffman was one of the best pass receivers and punters that has invaded this section of the country for a long time. He seemed to be able to catch the ball if it was within ten feet of him.

THORNTON

O'MALLEY

COFFMAN

## The Season

MINERS, 19; PITTSBURG TEACHERS COLLEGE, 6

In the first contest of the season the Miners decisively defeated the strong Pittsburg Teachers eleven, at Pittsburg, Kansas.

During the first half the Miners played a defensive game and the Teachers pushed over a score, but failed to make the extra point. Near the end of the first half the Miners scored, and the second quarter ended with the Teachers on the short end of a 7-6 score.

The Miners opened the second half with a strong offensive, which was ended only after they had crossed the Pittsburg goal twice. After the backs had slashed the line to place the ball on the 23-yard line, Thornton crashed through and eluded the secondary defense for the second counter. In the fourth quarter, with the help of a 48-yard run by Thornton and a 15-yard penalty against the Teachers, the Miners got possession of the ball on the Pittsburg six-yard line. From there Towse carried it over for the third touchdown.

MINERS, 26; MISSOURI U. "B" TEAM, 0

In their first home game the Miners came into their own and ran roughshod over the heavier and more experienced team from Missouri. The Black and Gold never made a serious threat, and the Miner backs slashed the Missouri line to shreds, making gains almost at will.

During the game, Coach Grant gave the school an opportunity to see the new material in action and everyone was more than pleased. The pony backfield that began the game held the Tigers for the first quarter, after which the regulars were sent into the fray. The veteran backfield ripped through the line and threw long passes for consistent gains. Jimmy McDonald carried the ball over for the first touchdown. Thornton went over for the remaining three touchdowns after making some beautiful runs.

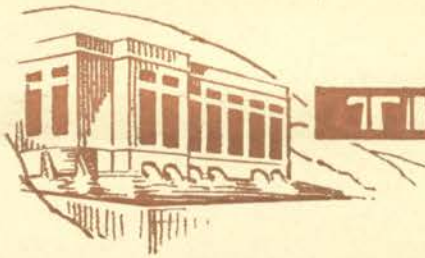

MINERS, 0; OKLAHOMA CITY U., 6

The Golden Wave received its first setback when it journeyed down to Oklahoma and tied into the heavy eleven representing Oklahoma City University.

In spite of the fact that the Miners fought gamely, unfortunate breaks and costly fumbles at crucial moments decided the game in favor of the Goldbugs. Oklahoma made the lone touchdown when a Goldbug back fumbled, another Okla-

# MINERS

## THE 1932 ROLLAMID

homa back recovered, and threw a long pass to an end who was speeding down the field.

Several times the Miners made a strong bid for a touchdown, but to no avail. A desperate passing attack was staged in the later part of the game, but only one pass was completed.

### MINERS, 0; ST. LOUIS UNIVERSITY, 7

The Miners met their second reversal of the season at the hands of Coach Chili Walsh's Billikens. Both the Bills and the Miners played a hard game, but the St. Louis team was not to be denied a score in spite of the strong defense by the Miners.

Both teams were within scoring distance several times, but fumbles proved costly. Three times in the third quarter St. Louis carried the ball to the Miner seven-yard line and twice they were held by a superb line and a great defensive backfield. The Miners punted out of danger twice, but on the third drive LaPresta dashed around end for the lone score of the game. His try for the extra point was a perfect place kick.

### MINERS, 0; MARYVILLE TEACHERS, 6

The third loss of the season came when the Golden Wave attempted to take the strong Maryville Teachers into camp. The game was marked by poor co-ordination on the part of the Miners. This, coupled with poor passing and numerous fumbles, decided the game in favor of the Bearcats.

The Teachers found that the Miner line was impenetrable, but succeeded in intercepting the Miner passes when a break counted. The lone Bearcat touchdown was the result of an intercepted pass near the close of the first half. A Maryville guard broke through the line to partially block Tat's attempted pass and the other Bearcat guard caught the ball on the Miners' 30-yard line to turn the play into a touchdown for Maryville.

The Golden Wave lost excellent chances to score in the second and fourth quarters. In the second quarter, Thornton recovered a fumble on the Miners' 38-yard line and began a drive which ended on the Maryville 17-yard line when Towse's pass over the goal line was incomplete. In the fourth quarter the Engineers again drove to within the shadow of Maryville's goal posts. Ten yards by Thornton, 11 by Towse, and a beautiful pass by Thornton to Kirchoff placed the Miners on the Teachers' seven-yard line. After advancing the ball to the three-yard line in three plays, Thornton threw an incomplete pass over the goal line.

The final ten minutes of the game was straight football with the Miners des-

perately attempting three passes. The game showed that the team lacked teamwork and co-ordination.

MINERS, 27; CENTRAL, 0

The Miners played their best game of the season before a large homecoming crowd and completely swamped Central College with a beautiful running and passing attack.

The Golden Waves second team played the first quarter, but was unable to score. In the second quarter the first-string men took the field and soon scored on long drives to the ten-yard line where a pass was sent to the waiting end over the line. In the last half the Miner backfield ripped the Central line to shreds and the ends pulled down passes from the ozone with regularity. Coffman, a long, tall freshman end, caught three passes for touchdowns and kicked the goal afterward all three times.

At no time during the game was the Miners' goal in danger. The fighting Engineers carried the game into Eagle territory and kept it there. Twice in the last half the Grantmen cross the Eagles' goal and the play was called back both times.

The team that beat Central was the smoothest working football machine that has played for the Miners this year. The whole team functioned perfectly and with everything clicking the team was unbeatable.

MINERS, 18; DRURY, 0

On Friday the 13th the Miners journeyed to Springfield and tackled their traditional enemies and completely outclassed them.

The Golden Wave functioned smoothly and rolled over the Drury eleven almost at will. The majority of the game was played in Drury territory with the Miners in possession of the ball and Drury was more outclassed than the score indicates.

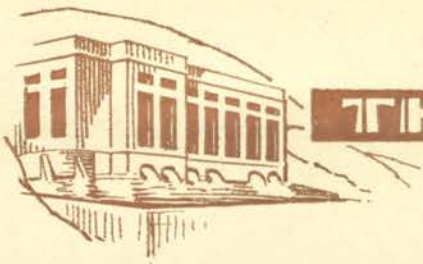

In the first quarter, Williams, B. Thornton and Kirchoff slashed and knifed their way to the Panther five-yard line from which place Kirchoff carried the ball over for the first score. Coffman failed to make the extra point by placement kick. In the second quarter Jim McDonald ran around end for another counter, but again the try for the extra point failed.

The teams battled on a fairly even basis during the third quarter, but the Miners scored again in the last period. The Golden Wave advanced the ball to the Panther 12-yard line where an attempted pass was intercepted by Drury on their own two-yard line. On the next play, however, Captain Malik recovered a Drury fumble over the goal line for the third touchdown. The pass for the extra point was incomplete.

The remainder of the quarter was played in Drury territory and the game ended with the ball in the Miners' possession on the Panther 44-yard line.

## THE 1932 ROLLAMID

### MINERS, 32; OKLAHOMA NORTH EASTERN STATE TEACHERS, 0

In a cold drizzling rain which made the field a sea of mud, the Miners closed their 1931 grid season with a blaze of glory by decisively taking the measure of Oklahoma Teachers. The game was played Thanksgiving Day on Jackling Field.

Neither team showed any great offense and both had to resort to line plays to gain. The Miners gained consistently through the line, but due to the slippery, soggy ball, their pass attack was utterly useless. The weather conditions also made punting difficult.

The majority of the game was played in the Teachers' territory and the Red Men never threatened the Miner goal line. After tearing off gains through the line to place the ball on the ten-yard line, Kirchoff went over for the first counter. The second score resulted when the Teachers attempted a punt well within their own territory and fumbled, Kirchoff recovering for the Miners. McDonald went around end for the score. The remainder of the touchdowns were made on straight-line plunges.

This was the final game for several lettermen who were seniors. These men ended their careers by playing excellent games.

Kirchoff, Sturm, and Dick Thornton were the outstanding players of the day for the Golden Wave.

### SUMMARY

For the second consecutive year, Coach Grant turned out a team that was one of the best ever produced in the school.

The team this year played a tough schedule with few games in which they could let up. A great deal of credit is due to the wearers of the Silver and Gold who battled so valiantly for their school.

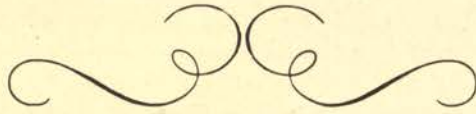

The individual team members also gained considerable recognition for their ability. Dick Thornton, considered the best quarterback in the state, was selected as Captain of the M. C. U. All-Star eleven. Another Miner to get a berth on the first team was Kirchoff, who played end last year and alternated between end and half this year. Jimmy McDonald rounds out the list of those placed on the first team. He is an excellent, shifty back. On the second all-star team the Miners placed Captain Malik at end, and Gibson at tackle. Those receiving honorable mention were Andres, Hassler, and Spotti.

*The*  
Bridge Builder

An old man going a lone highway  
Came in the evening, cold and gray,  
To a chasm vast, both deep and wide.  
The old man crossed in the twilight dim;  
The swollen stream had no fear for him.  
But he stopped when safe on the farther side,  
And built a bridge to span the tide.

"Old man," said a fellow pilgrim near,  
"You are wasting your strength in labor here,  
Your journey will end with the closing day;  
You never again will pass this way.  
You've crossed the chasm deep and wide.  
Why build you this bridge at eventide?"

The laborer lifted his old gray head.  
"Good friend, in the path I have come," he said,  
"There followeth after me today  
A youth whose feet must pass this way.  
This chasm which has been as naught to me  
To that fair-haired youth might a pitfall be.  
He too must cross in the twilight dim.  
Good friend, I am building this bridge for him."

1931-1932

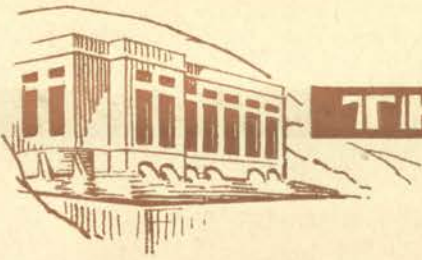

### *Miner Basketeers Place Second in Conference Win 6 and Lose 3*

For the second successive season the Silver and Gold quintet placed well up in the conference. The second place that they captured this season shows a considerable improvement over the fourth place that they held last year. The Miners lost but three games, two of these defeats being credited to Central College, the conference champions. The other defeat was suffered at the hands of Culver-Stockton when a two-game series was split with one win and one loss.

Three sophomores were the mainstays of the team and these men will have two more years of conference competition. In addition to these, Coach Rapp will have every man back with the exception of one. Captain Tittle is the only man to be lost by graduation. His absence will be keenly felt, but Coach Rapp will have several promising guards that he can develop.

During the past season, Jenkins and Joslin, both sophomores, played center, and Joslin also alternated at forward. At the guard positions were Tittle and Kirchoff. These men prevented any number of scores and were also proficient in breaking up the play before it got under way. Kirchoff will see two more years of service and should be one of the best in the conference next year. Working with this pair at guard was Richmond, another steady guard who will attempt to fill the gap left by Tittle's absence next year. As forwards, Bubas and Cross were Coach

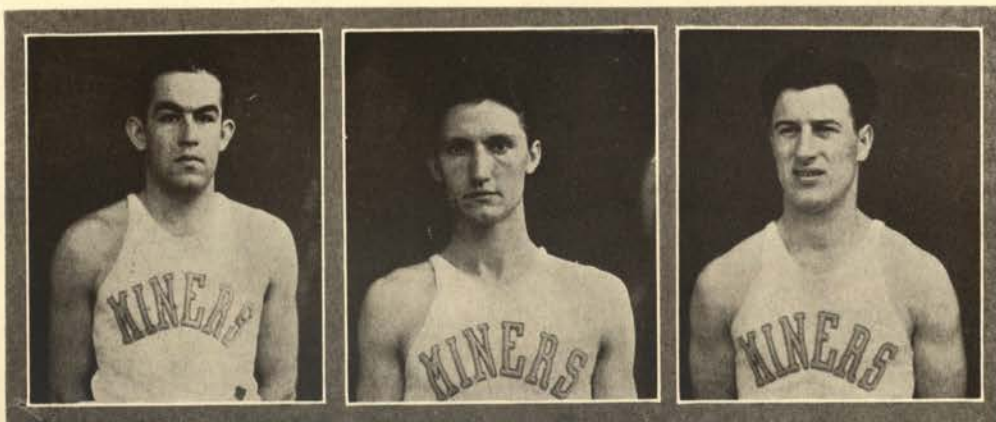

## THE 1932 ROLLAMID

Rapp's favorite scoring combination, but Kenward and Joslin also saw plenty of service.

It is about such a nucleus as this that Coach Rapp hopes to develop a winner next season. With another year of experience past, the flaming sophomores of the 1932 team will be satisfied with nothing less than a first place in the conference. It looks as though next year should be a banner year for the Silver and Gold Basketeers.

### SCHEDULE

January 8—Miners, 25; Drury, 22—at Springfield.  
January 9—Miners, 32; Springfield Teachers, 46—at Springfield.  
January 22—Miners, 15; Springfield Teachers, 17—in Rolla.  
January 24—Miners, 15; Central, 28—at Fayette.  
January 26—Miners, 21; William Jewell, 19—at Liberty.

TITTLE

JENKINS

KIRCHOFF

## SUMMARY OF GAMES

January 8—Miners, 25; Drury, 22. The Miners began the season by taking the first tilt of the season from the Drury Panthers.

January 9—Miners, 32; Springfield Teachers, 46. In the second game of the Springfield invasion the Miners were outplayed by the fast Teachers' quintet.

January 22—Miners, 15; Springfield Teachers, 17. Again the Miners fell before the Teachers after a close game.

January 24—Miners, 15; Central, 28. The fast-moving Central sharpshooters took the measure of the Miners in a fast game.

January 26—Miners, 21; William Jewel, 19. Once again the Miners got back into form to take a close game.

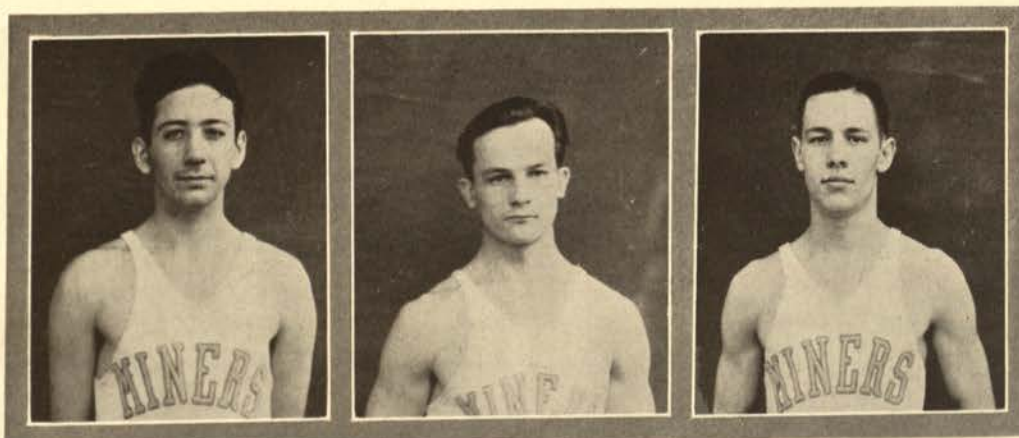

February 5—Miners, 44; Drury, 39. Drury journeyed to Rolla and received their second setback of the season by the Silver and Gold.

February 9—Miners, 25; Central, 27. The winning streak was broken by Central, who was too much for the Miners.

February 11—Miners, 30; William Jewell, 26. The Miners showed form in trouncing the Liberty quintet.

February 15—Miners, 23; Westminster, 22. In the fastest and roughest game of the season the Bluejay coach called his men from the floor in the last minute of the game. The Bluejays objected to the refereeing and the Miners won by forfeit. The Miners were leading 23-22 at the time.

February 19—Miners, 35; Culver-Stockton, 28. The Miners defeated the conference leaders to take the lead themselves.

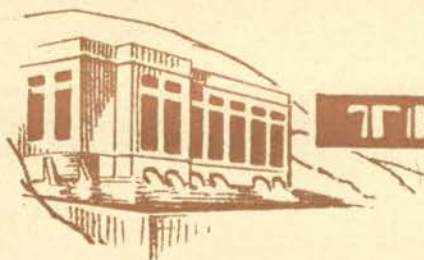

GROSS

BUBAS

DARNEL

## THE 1932 ROLLAMID

February 20—Miners, 22; Culver-Stockton, 23. In the second game with the Wildcats they avenged the defeat of the previous night.

February 26—Miners, 19; Westminster, 17. The Miners closed a successful season with a victory over the Bluejays.

TITTLE, Captain, guard. "Dutch" played his third and best season as leader of the Silver and Gold and his absence next year will leave a vacancy that will be hard to fill.

KIRCHOFF, guard. Kirchoff was shifted from guard to forward and proved to be one of the best in the conference. He will see two more years of action.

BUBAS, forward. Again Bubas was a star and, as he has two more years to play, he should be even better next year.

GROSS, forward. Benny was a fit running mate for Bubas and his accurate shooting pulled several games out of the fire. He will see action for another season.

JENKINS, center. "Jenks" played a great game at center all season and made the all-star conference team at that position. He was a scoring ace and will be even more valuable during his two remaining years of competition.

JOSLIN, forward. Joslin played both center and forward and he played both well. He was always ready and could be counted on to play a good game.

RICHMOND, guard. Richmond was ever ready to take the guard position and give a creditable performance. He will make a good mate for Kirchoff next year.

KENWARD, forward. "Red" was always ready when a substitute forward was needed and he should see plenty of service next year.

DARNEL, forward. "Bill" was always ready to go in and fight. He has completed four years of hard work for the Miners and will be missed in next year's lineup.

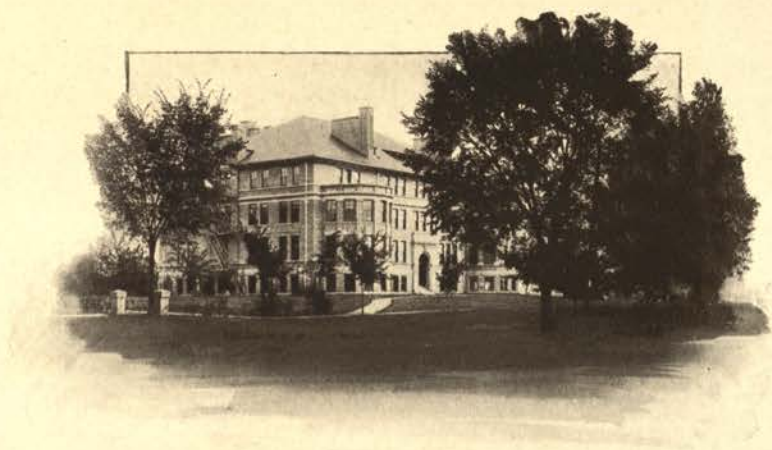

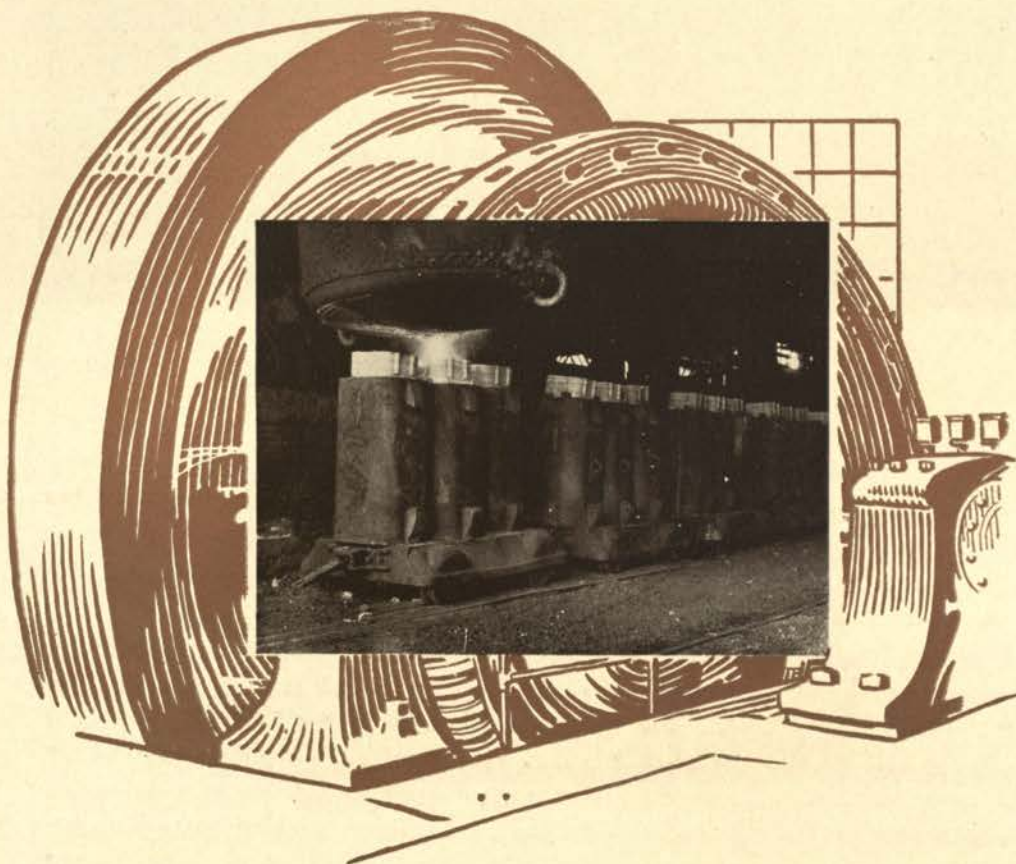

RICHMOND

KENWARD

JOSLIN

# **TRACK AND TENNIS 1931**

## 1931 Track Review

During the spring of 1931, Coach Grant developed some real stars out of the aspirants who reported to him to vie for places on the Silver and Gold track team. The squad was small and only seven men lettered, but they made a very credible showing as only two letter men were back from 1930 to form a nucleus for the team.

The team was sadly lacking in material, but the men who were out could be counted on for points in any meet.

The team was especially strong in the middle distances and pole vault. The mile relay team hung up a record that will last for several seasons to come. In the middle distances, Captain Monroe won every start in the half mile. Besides running the half he also ran as anchor man on the relay team and in the quarter mile. In the M. C. A. U. meet, Monroe set a new record while Irwin finished second and also was under the old time. In the same meet Davy Moulder broke the pole vault record.

Next year every letter man returns with the exception of Moulder and Coach Grant should have a team that will bring fame and glory to the school on the track.

The letter men returning for another season under the Silver and Gold colors are: Monroe, Irwin, Coghill, Fort, and Spotti.

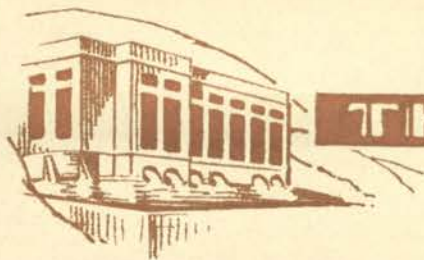

MONROE  
(Captain)

COGHILL

SPOTTI

SMITH

# THE 1932 ROLLAMID

## Triangular Meet

The Westminster Blue Jays, with a team that was strong in both track and field events, took first honors in the annual triangle meet between the Miners, Westminster, and Central Wesleyan. This win made their fifth consecutive victory for the Blue Jays in the annual meet.

Westminster made a total of sixty-eight points which gave them a substantial lead over Central who had forty-three points. The Miners came last with twenty-five points.

It would be difficult to pick the outstanding man on the Blue Jay team as McKnelly, Thompson, and Talbot all took two first places. In spite of a slow track, due to several inches of water, Talbot of Westminster ran the high hurdles in 15.6.

For the Miners, Rex Monroe, Davy Moulder, and Smith made the most credible showings. Monroe broke the tape far in the lead in the 880-yard run and in the mile relay, as anchor man, he increased the substantial lead given him by his running mates to take that event decisively.

Among the Freshmen who showed great promise in this meet were Smith, who won first place in the broad jump, and Fort and Irwin, who ran in the mile relay.

### Summary of events:

- 100-yd. dash—Thompson, Westminster, 1st; Wagner, Westminster, 2nd; Lillard, Central, 3d. Time, :10.4.
- 220-yd. dash—Thompson, Westminster, 1st; Coghill, Miners, 2nd; Lillard, Central, 3d. Time, :23.4.
- 440-yd. dash—Bell, Westminster, 1st; Peuesdorf, Westminster, 2nd; Irwin, Miners, 3d. Time, :52.7.
- 880-yd. run—Monroe, Miners, 1st; Paxton, Central, 2nd; Jackson, Central, 3d. Time, 2:2.0.

FORT

MOULDER

IRWIN

One-mile run—McKnelly, Westminster, 1st; Ware, Central, 2nd; Stone, Central, 3d. Time, 4:51.2.  
 Two-mile run—McKnelly, Westminster, 1st; Ware, Central, 2nd; Stoneman, Central, 3d. Time, 10:55.0.  
 120-yd. high hurdles—Talbot, Westminster, 1st; Wiley, Westminster, 2nd; Ball, Central, 3d. Time, :15.6.  
 220-yd. low hurdles—Talbot, Westminster, 1st; Ball, Central, 2nd; Wiley, Westminster, 3d. Time, :26.4.  
 Half-mile relay—Westminster, 1st; Miners and Central tied for 2nd and 3d. Time, 1:35.2.  
 Pole vault—Moulder, Miners, 1st; Wiley, Westminster, and Everret, Central, tied for 2nd and 3d. Height, 10' 9".  
 Discus—Hesley, Westminster, 1st; Knight, Central, 2nd; Griggs, Central, 3d. Distance, 115' 5".  
 Shot put—Morrow, Westminster, 1st; Knight, Central, 2nd; Koch, Miners, 3d. Distance, 39' 3.5".  
 Javelin—Chiles, Central, 1st; Hall, Westminster, 2nd; Koch, Miners, 3d. Distance, 158'.  
 High jump—Ball, Central, 1st; Tanner, Westminster, and Griggs, Central, tied for 2nd and 3d. Height, 5' 5".  
 Broad jump—Smith, Miners, 1st; Ball, Central, 2nd; Tanner, Westminster, 3d. Distance, 19' 11".  
 Mile relay—Miners, 1st (Irwin, Coghill, Fort, and Monroe); Westminster, 2nd. Time, 3:30.0.  
 Totals: Westminster, 68; Central, 43; Miners, 25.

## Miners vs. Springfield Teachers

The Springfield Teachers decisively defeated the Miner Track Team by a 100 to 36 score. The Teachers, spurred on by a bunch of pretty girls that comprised their pep squad, won a comparatively easy victory.

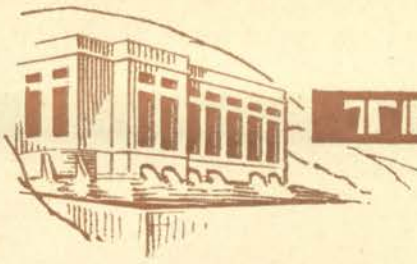

Saunders, a freshman from the Teachers College, took honors as high-point man after amassing a total of 14 points. Captain Monroe of the Miners came second with 10 points to his credit.

Five meet and one field record was broken in the meet. Davy Moulder, holder of the pole vault record, bettered his mark by raising the Jackling Field record to 12 feet 3 inches. Rex Monroe broke the old meet records in both the 440- and 880-yard runs. Smith, a Miner freshman, demonstrated his ability in the broad jump by setting a new mark of 21 feet one-eighth inch. The Teachers made a new record in the half-mile relay by running the event in one minute 33.2 seconds.

### Summary of events:

100-yd. dash—Hillhouse, Teachers, 1st; Livingston, Teachers, 2nd; Coghill, Miners, 3rd. Time, :10.8.  
 220-yd. dash—Livingston, Teachers, 1st; Hillhouse, Teachers, 2nd; Coghill, Miners, 3d. Time, :22.8.  
 440-yd. dash—Monroe, Miners, 1st; Irwin, Miners, 2nd; Niles, Teachers, 3d. Time, :51.3.  
 880-yd. dash—Monroe, Miners, 1st; Killion, Teachers, 2nd; Wilson, Miners, 3d. Time, 2:5.0.  
 Mile run—Farmer and Killion, Teachers, tied for 1st and 2nd; Brown, Miners, 3d. Time, 4:47.0.  
 Two-mile run—Farmer, Teachers, 1st; Davis, Teachers, 2nd; Brown, Miners, 3d. Time, 10:47.5.  
 220-yd. low hurdles—Saunders, Teachers, 1st; Miner, Teachers, 2nd; Calloway, Teachers, 3d. Time, :26.7.  
 120-yd. high hurdles—Saunders, Teachers, 1st; Miner, Teachers, 2nd; Weigel, Miners, 3d. Time, :16.0.  
 One-half-mile relay—Teachers, 1st; Miners, 2nd. Time, 1:33.2.  
 Mile relay—Teachers, 1st; Miners, 2nd. Time, 3:37.2.  
 Broad jump—Smith, Miners, 1st; Payne, Teachers, 2nd; Calloway, Teachers, 3d. Distance, 21'  $\frac{1}{8}$ ".  
 High jump—Adams and Saunders, Teachers, tied for 1st and 2nd; Heligman, Miners, 3d. Height, 6' 1".

## THE 1932 ROLLAMMO

Pole vault—Moulder, Miners, 1st; Newton, Teachers, 2nd; Romine, Teachers, 3d. Height, 12' 3".  
Discus throw—Maze, Teachers, 1st; Morey, Teachers, 2nd; Tomlinson, Miners, 3d. Distance, 119' 9".  
Javelin throw—Parker, Teachers, 1st; Maze, Teachers, 2nd; Koch, Miners, 3d. Distance, 168' 3".  
Shot put—Grant, Teachers, 1st; Morey, Teachers, 2nd; Koch, Miners, 3d. Distance, 37' 2".  
Total: Teachers, 100; Miners, 36.

### State Meet

The Westminster Blue Jays, who had previously defeated the Miners, had little difficulty in winning the state meet at Columbia. Only the outstanding Miner tracksters were taken to the meet and they succeeded in winning their share of the points.

The Miners placed sixth in the meet and broke two of the four records that fell. Rex Monroe won the half-mile to set up a new state record, while Irwin, who followed him to the tape, also crossed in less than the old record. In the 440, Monroe placed second, giving Bell of Westminster a close race. In the mile relay the Silver and Gold team placed second. Heligman took fourth in the broad jump. Davy Moulder was the other record-breaker for the Miners, setting a new record in the pole vault.

The school should feel proud of the showing made by these men as only seven of the team went to Columbia.

### Lettermen

**MONROE (Captain)**—For the second successive year, Rex was the outstanding star of the team. He was unbeatable in his specialty, the half-mile. He also contributed his part to the relay teams, running as anchor man, and toe the quarter-mile run. Rex will be back for another year and we hope to see him smash his own state record in the half-mile next spring.

**MOULDER**—Davy was another letterman to return and he demonstrated to everyone why he has a letter. In the M. C. A. U. meet he hung up a new state pole vault record and his place will be hard to fill next year.

**COGHILL**—Bill, another letterman from the year before, did some fine running this year on the relay team and in the dashes. He will be back next year to carry the colors again.

**FORT**—Bert came out every day and worked hard so he really deserved the recognition he achieved. He ran in both relays and occasionally tried his hand at the mile run. He has three more years and will be a big asset to Coach Grant next spring.

**IRWIN**—Another freshman who came out and showed that he had the goods and could deliver them. Walt ran on the relays and the half-mile and did fine work in both of them. He bids to be a great half-miler some day, having beaten the state record last year at the same time that Monroe set a new one.

**SMITH**—Smitty worked along without much recognition until the first meet and his chance came. He jumped 21 feet one-quarter inch and has been winning first places ever since. He has three more years to broad jump and will certainly help next year.

**SPOTTI**—He didn't come out until after the season was half over, but he rapidly got into shape and began to make the boys sit up and take notice. An exceptionally fast man in the quarter and 220, he will be a big part of the nucleus for the 1932 team.

## Tennis Survey 1931

The Miners again made a good name for themselves on the tennis courts in inter-collegiate competition. The student body has never shown a great deal of interest in the sport, but as the team developed and began to show championship possibilities more interest was manifest.

The men who composed the team were Tieman, Lenz, Mertz, Throughman, and Schuchmann. The doubles team was composed of Tieman and Lenz.

The Miner raquetteers met their first competition when they encountered the Springfield teachers in Rolla. The matches were played on the cement courts of the Sugar Tree Club. Tieman and Mertz came through in great style to take the doubles match with two out of three wins. In the singles, Throughman was defeated.

The tennis team next took our ancient rivals, Drury College of Springfield, into camp by winning both the singles matches, although they lost in the doubles. Tieman and Lenz were defeated by Klime and Hyder of Drury in two sets that went 7-5 and 6-4. Tieman then proceeded to win from Hyder by the scores of 7-5 and 6-3. The match was very close and both men were playing up to their capacity. The final and deciding match was between Schuchmann of the Miners and Klime of Drury. Schuchmann lost the first set 4-6, but made a strong comeback to capture the next two sets, 6-4 and 6-4. This win gave the Miners the victory and it was one that they might well be proud of, for Drury had a strong team and had been slated to win easily.

SWIMMING SQUAD

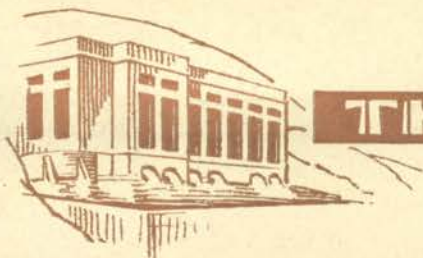

## Swimming

1931-32

The year 1931-32 added swimming to the list of the Miners' Intercollegiate sports, and with the introduction of this new sport event there has been filled a long-felt gap in the athletic program. To the Miners go the honor of being the first State School in Missouri to recognize swimming, and to the squad goes the credit for having weathered a long and strenuous training season and for having carried admirably the Silver and Gold through a schedule of meets in which their competitors were, for the most part, strong and established teams.

Under the able tutelage of Mr. Alexander M. Gow, who was an All-America swimmer from the University of Minnesota, and who gave his services free of charge in the interest of the sport and for the benefit of the school, a squad of over thirty started the season. Wendel Stephenson, former University of Chicago star, assisted Mr. Gow and coached water polo.

The season proper opened with an exhibition benefit meet, on behalf of the Rolla Junior Club. Just before this meet, Frank Nazic and Kenneth Rose were elected co-captains of the team. The first dual meet was with the Downtown Y. M. C. A. in St. Louis. This strong team defeated the Miners 58 to 17, but the Silver and Gold mermen bettered their previous performances and gave promise of con-

## THE 1932 ROLLAMID

sistent improvement. The following week the Miners held the Kemper Military Academy team to a 47 to 28 victory.

Following this were two meets with Westminster, one in Rolla and one in Fulton. The Bluejays were the only team on the Miner schedule of comparable strength, and the Engineer first upset the dope by winning both these contests. The scores were 43-32 and 42-34.

In a return meet with the St. Louis Y, the Miners demonstrated their improvement by garnering eight more points than in the previous meet. The score was 50-25 in favor of the visitors.

The Principia College team closed the season by handing the Miners a 56 to 19 defeat on March 5, 1932.

The letter men on the squad were: Co-captains Nazic and Rose, who carried the brunt of the distance work and performed ably in the relays; Bob Weigel, who was high-point man and outstanding for his breast stroke and diving; Bill Kay, who lead the dashes; Pete Badame and George Borgstede, back-stroke artists; Rudolph Knoll, breast-stroke swimmer, and Harold Cunningham, distance man and diver. In addition to these men, Robertson, McCarthy, Fletcher, O'Bryant, Shrubsall, Sieberling, and Mertz all saw competition for the Silver and Gold.

# MINERS

## Golf

### MINER GOLFERS WIN FOR SCHOOL

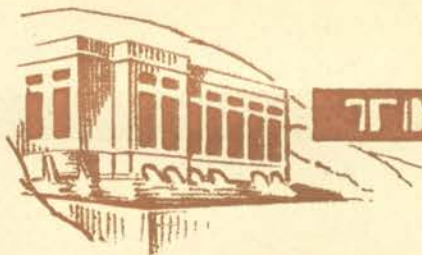

The Miners sent a golf team into Inter-Collegiate competition for the first time this past year.

Although the team played only one match they won this and inaugurated a new competitive sport in which the Miners hope to produce championship teams in the future.

The golf team, composed of Gross, Power, Matzik and Thomas, defeated Drury  $6\frac{1}{2}$  to  $5\frac{1}{2}$ . The Golden Wave men were the under dogs during the match, but they emerged victorious in true Miner fashion. Gross led the attack for the Miners, being low scorer and amassing a total of three points. The meet was conducted under match play rules.

In the school tournament, Ralph Thomas of Pi Kappa Alpha defeated Matzik two up in the finals of the championship flight to win the school championship. Broaddus of the Sigma Nu fraternity won the finals of the first flight.

**MINERS**

## Intramural Baseball 1931

Baseball for the past year was split into two leagues: the American League consisting of the Independent A, Lambda Chi Alpha, Pi Kappa Alpha, Bonanza, Kappa Sigma, and the Mercier Teams; and the National League composed of the Independent B, Sigma Nu, Prospector, Triangle, Kappa Alpha, and the Faculty Teams.

In the American League the Lambda Chi team, with Fort and McClusky doing the hurling, won with a clean slate. In the National League, the Sigma Nu team also had a perfect average for the season.

The two championship teams met for the school championship in a series of two out of three games. The Lambda Chi's won the first two games to take the cup.

This season, for the first time in many years, the faculty were represented by a team.

## The Missouri Miner

The Missouri Miner is a weekly paper published entirely by the students. The policy of the paper is to print the news of the school without showing partiality to any group or individual on the campus, and we can sincerely say that the 1931-1932 board has lived up to the high standard set in preceding years.

The Miner Board is made up of students chosen only after they have proved themselves proficient in one of the departments of the staff. New board members are elected in the spring by the present active members.

## Athletic Association

1931-32

R. H. WIETHOP—As acting president of the Athletic Association, “Butter” proved himself to be a very valuable member of the executive board. He managed the Equipment Department of the Association and very ably assisted at all games.

F. M. THOROUGHMAN—If anything had to be done and done right, “Red” was immediately drafted to do it. He accomplished wonders in the Association this year and his place will be hard to fill. As Business Manager, Thoroughman has developed the Association to the point where it is indispensable to the Miners.

There are others who deserve honorable mention. Beardsley and Edgar were Juniors who spent a great deal of time with the Association. Buck, Gillespie, and Crow are Sophomores who have shown a willingness to work. The Freshmen are too numerous to mention, but they are said to be the best workers who have reported for years.

HARDIN

WINSLOW

BERTRAM

First Lieutenant John Ray Hardin, Corps of Engineers, U. S. A., graduated from the United States Military Academy at West Point, November 1, 1918. He received his B. S. in Civil Engineering at the Massachusetts Institute of Technology in 1921. Lt. Hardin graduated from the Engineer School at Fort Humphreys, Va., in 1930, and was assigned to the School of Mines as Professor of Military Science and Tactics in September, 1931.

First Lieutenant William R. Winslow, Corps of Engineers, U. S. A., was graduated from the United States Military Academy at West Point in 1923. For a while he was stationed in Honolulu, and later attended the University of Southern California, receiving his M. S. in Civil Engineering there in 1927. Lt. Winslow was appointed Assistant Professor of Military Science and Tactics at the School of Mines in 1928, and completes the last year of this assignment with this term.

Sergeant William B. Bertram, D. E. M. L., U. S. Corps of Engineers, was graduated from the University of Virginia with the Degree of LL.D. in 1911 and received a similar degree from Cumberland University in 1912. He served overseas for two years with the 51st Field Artillery, was later transferred to the 2nd Engineers. Sergeant Bertram was assigned to the School of Mines in January, 1929, as an Instructor in Military Science and Tactics.

## A large group of young men, likely members of a military band or regiment, are posed in several rows on the steps of a stone building. They are all wearing dark military uniforms with peaked caps. The front row consists of ten men standing at attention. The building behind them has a central arched doorway and several windows. Two ornate lanterns are mounted on the building's facade, one on each side of the central entrance.

## Military Ball

With all due credit to the military prowess of our "Army," those who attended the dinner-dance given by the R. O. T. C. at the Hotel Edwin Long on Saturday, February 13th, will readily concede that their ability is by no means limited to the art of making war. Starting at about eight-thirty, only thirty minutes late, the dinner progressed delightfully, and by the time Babe Clemmons and his Varsity Band arrived on the scene, everyone was thoroughly saturated with food and drink. The dance rapidly got under way. The embryo generals, with all their accoutrements, and accompanied by their vivacious lady friends, presented a striking picture. In spite of tight blouses, boots, etc., they moved about the ballroom with surprising agility and grace, and no serious accidents were reported during the evening.

The music, like the food, was excellent. Sociability permeated the air, and when the lateness of the hour finally forced adjournment, everyone conceded the army an overwhelming victory.

EMILY McCaw  
*St. Pat's Queen, 1932*

## St. Pat's, 1932

There was little work done about the M. S. M. campus the week-end of March 13th-19th, and there was in the air that tension that precedes the breaking of a storm. The storm began to break at various spots about the campus on Wednesday evening and gathered impetus as newcomers joined the ranks. Thursday saw dates gathering in from all directions. The days of waiting were forgotten in the excitement of greetings. The pent-up storm was at last unleashed and rose to a shrieking crescendo at eight o'clock in the evening when the various house dances started. All cares were forgotten and even the most staid set forth with no thought save that of merrymaking. From eight until eleven the joyous crowd made the rounds from the Triangle house to Jackling Gym where the Independents held their dance, and the Kappa Sig dance at the Edwin Long Hotel.

After a brief pause to allow the orchestras to move, the children of Hamlintown followed the pipers to the Prospector House, the Bonanza House and the Mercier House, and the festivities were continued at a merry pace.

At about three-thirty the revelers crowded the Lambda Chi House and the Pi K. A. House for the breakfast dances. Dawn found many of the more hardy still on their worn-out feet, still looking for excitement.

On Friday morning the Q. V. kids, in their traditional rags and cans, ushered the Patron Saint and his retinue into Frisco station on a handcar. The procession then moved to Parker Hall where the good old St. Patrick delivered his address and bestowed, with appropriate remarks, the rank of knighthood upon those fortunate enough to attain a Senior rating. St. Pat was impersonated by R. A. Parker in a most creditable manner and more than one hundred were dubbed and created Knights of St. Patrick, with all the rights, honors and privileges thereto attached.

The Friday afternoon program was varied somewhat from previous years and called for visits to the several departments of the school. At each of these departments there was on display demonstrations and interesting exhibits of engineering science.

At ten-thirty Friday evening everyone gathered at Jackling Gym, which was scarcely recognizable, its walls covered with red velours hanging, overhung with glistening silver. The ceiling was a rich checker-board effect of silver and black. Vari-colored lights and a gleaming crystal ball heightened the beauty. At the north end was situated a dias, with the throne of St. Patrick and his Queen, against a green and silver background.

The Grand Masque Ball had started—the Dance of All Nations. From the Cossack of the cold northern steppes to the grass-skirted native of the south seas; from the gambler, with his street gamin companion, to the jovial friar with his shaven crown and bottle of Benedictine secreted in his sober brown cassock; from king to jester, the costumes ran in a brilliant riot of color that gave evidence of the vast and varied following of St. Pat. Jovial Jan Garber, with his tribe of musical artists, was quick to catch the festive spirit of the crowd, and contributed immensely to the enjoyment of the occasion.

Promptly at midnight the slow stately strains of "The Wearing of the Green"

floated out upon the suddenly still air, and stately old St. Patrick, preceded by his guards in shining armor, cleared the way through the kow-towing sons and daughters of Erin. Under the glare of spotlights, the coronation procession began, led by Miss Marion McKinley and James Offut, Queen and Patron, respectively, of last year's festivities. Next came the entry of beautiful maids of honor, radiant between their respective escorts. They were Miss Mildred Clough, Miss Mary Smith, Miss Emabel Offutt, Miss Bernice Roach, Miss Dorothy Ball, Miss Helen Howard, Mrs. Grace Wyrick, Miss Thelma Louise Berry, Miss Ruth Cliburn, and Miss Mildred Riley.

Silence. All Hail the Queen. Amid the thunders of applause, and preceded by the cherubic flower-children and coronet-bearer came the Queen, the beautiful and charming Emily McCaw, attended only by her train-bearers. Kneeling at the dias, she was duly crowned Queen of Love and Beauty, to reign with St. Patrick over the celebration of nineteen hundred and thirty-two.

The dance was again started by the retiring Queen and St. Pat. Everyone sought his own Queen of Love and Beauty. After many more delightful dances, interspersed with specials from the orchestra, the Ball came to a close, and the tired participants went their way—to bed, perhaps, or in search of more romance.

Saturday afternoon the Sigma Nus and Kappa Alphas entertained with tea-dances, and those with hardy constitutions and intrepid spirits were again to be seen making the most of the rapidly flying minutes.

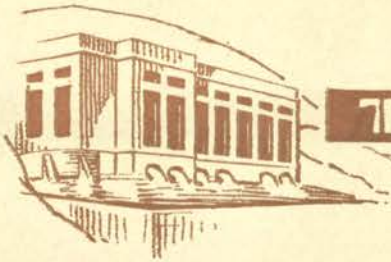

Came Saturday night and the Senior Prom, preceded by formal dinners at the various chapter houses, at which the most meticulous connoisseur might have found satisfaction. The scene, sharply in contrast with the previous evening, was none the less brilliant. The sober black and white of Tuxedos served only to enhance the beauty of the girls in the gorgeous evening attire. The music was perhaps a little more subdued, and the lights softer as each lover held the girl of his choice in his arms and glided gracefully through the mazes of the dance.

At three-thirty the strains of "Home, Sweet Home" betokened the end of another perfect St. Pat's. For some the last, for some the first, but for all the one that will be remembered always, though our beards grow as white and as venerable as that of the venerable St. Patrick himself.

K. E. EVANS.

## THE 1932 ROLLAMID

Question: What happened to the girl in cotton stockings?

Answer: Nothing.

\* \* \*

Karraker: "I'd like to see the cheapest necktie you have."

Toots: "Something a little better than you have on?"

\* \* \*

Pater: "Don't let me hear any bad report about you."

Nick: "I'll try not to, dad, but you know these things will leak out."

Commandment of the gold-digger: Keep well thine letters and some day they shall keep thee.

\* \* \*

"Should a man propose to a girl on his knees?"

"Yes, either that or she should get off."

\* \* \*

Diner: "Have you any wild duck?"

Waiter: "No, but we can take a tame one and irritate it for you."

\* \* \*

"Now this is our laboratory," glowed the principal to the visiting parent. "Girls or boys?" queried the doting one.

## THE 1932 ROLLAMO

Wesley: "Have you ever been pinched for going too fast?"

Leroy: "No, but I've often been slapped."

\* \* \*

A pretty young kindergarten mistress had been telling her pupils all about the winds, their power, different effects, etc. "And children," she went on enthusiastically, "as I came to school this morning on top of the bus something softly came and kissed my cheek. What do you think it was?" "The conductor!" cried the children joyously.

A gentleman slipped on the top of the subway stairs and started to slide to the bottom. Half way down, he collided with a lady, knocked her off her feet and the two continued the journey together. After they had reached the bottom, the lady still dazed, continued to sit on the gentleman's chest. Looking up at her politely, he finally said. "Madam, I'm sorry, but this is as far as I go."

\* \* \*

"I don't see how you tell those pretty Blake twins apart.."

"That's easy. Lulu always blushes when we meet."

"Why on earth are you washing your spoon in the finger bowl, old man?"

"Do you think I want to get custard all over my pocket?"

\* \* \*

Hallie: "Why don't you go out with your handsome dentist friend any more?"

Hattie: "Because he's so stuck on his profession that he always wants to pull something."

It was three o'clock in the morning when Camilla returned from a joy ride with the boy-friend during which he'd run out of gas or something. As usual her mother was waiting up for her, and her mother's loud scolding woke up Camilla's sister Ophelia.

"I heard ma bawling you out," Ophelia whispered when Camilla finally came upstairs to bed, "Did you get fussed?"

Camilla laughed amusedly at her younger sister's anxiety. "Heck no," she said, "I just acted as if nothing happened."

## THE 1932 ROLLAMID

The modern girl can tell what kind of a heel she has been out with by the way her sole feels the next day.

\* \* \*

Young lady," said the stern employer, "I want to impress upon you clearly that there is no room for trifling in this concern."

"Aw, be yourself, what is wrong with this one?"

\* \* \*

She: "Can you drive with one hand?"

He: (enthusiastically) "You bet I can."

She: "Have an apple."

"Who was that fellow you just spoke to?" asked Mary as she and Eve were walking down the street. "He blushed like a girl."

"Oh, that was one of my old school teachers," was the reply as Eve looked back over her shoulder to see if he was following her with his eyes, "and the way he used to keep me after school was a sin."

\* \* \*

Hob: "Well, if you didn't like twin beds why did you let your wife buy them when you got married?"

Nob: "Oh, it didn't matter much. I've been shifting for myself for the past few years!"

## THE 1932 ROLLAMMO

Many a slight slap on the anatomy has returned with a grand slam in the alimony.

\* \* \*

Grawe: "Nicholson, what are the constituents of quartz?"

Nick: "Pints, Doc, pints."

\* \* \*

"Does Butch still walk with that old slouch of his?"

"Nope, he goes with a better woman now."

\* \* \*

Two members were talking in the smoking room of the club.

"I understand your wife thought of taking up law before she married you," remarked one to his friend.

"That's right," replied the other, "but now she is content to lay it down."

\* \* \*

Last week a madman broke out of the asylum and took shelter under an old maid's bed. Every attempt on her part to get him out failed, try as she might.

Now they're BOTH mad.

Lady: "Will my false teeth look natural?"

Dentist: "Lady, I make 'em so natural they ache."

\* \* \*

Policeman: (excitedly) "That guy went into that phone booth and came out disguised as an old man."

Inspector: "Sure it's a disguise?"

\* \* \*

Horace tried the touch system on the newest typewriter in his Dad's office, and she slapped him.

\* \* \*

Sergeant: "Got away did he? Did you guard all of the entrances?"

Patrolman: "Yes, but we think he must have left by one of the exits."

\* \* \*

Prof. Orten: "What couldn't I do to a cold bottle of beer."

Caddy: (scornfully) "Hit it with a club."

\* \* \*

Voice: (over phone) "Is this Hillside 2472?"

Voice: (on this end) "No, but yours is the nearest guess today."

# THE 1932 ROLLAMID

He desired her more than anything else in the world. As he walked in his garden one night, thinking of her, he said, half aloud: "If I could only have two years of life with her I would willingly, gladly, be shot then."

Whereupon Satan appeared at his side and said: "I heard what you said. Do you mean it?"

Fervently he assured Satan that he did mean it, whereupon Satan promised that he should have his wish, but he would be held to his bargain.

And so he had the woman of his desires.

Three months later he was in his garden again, again Satan appeared at his side. "You have something to say to me?" he asked urbanely.

"Yes," came the reply, "Look here, Satan, old man, do you really insist upon my waiting two years?"

\* \* \*

"Baby, you've the skin I love to touch."

"Well," answered the waitress, "just because you're the chef you don't need to think that you can take any Cook's Tours."
